OPPORTUNITY

Dispelling the myths and misconceptions of dyslexia

A workshop for Educators, Parents & Professionals

Session: 1.5 hours

Teaching students with dyslexia across all settings is challenging. This practical fast paced workshop will:

- Focus on how to differentiate for students with diverse learning needs;
- Build an understanding on how to support all students in accessing and participating in the curriculum;
- Provide appropriate adjustments for these students in the classroom; and
- Highlight the benefits of Assistive Technology.
